The Coin of Faith
The United States Easter Egg
Time to Put it in the Basket

Hello
My Name is Brian Roger Fearon

Theoretical Physicist and Quantum Enthusiast and true Centrist

Below is My white paper in order to quantify a fix in the national disaster which we now watch.

I have conceived a full pull through concept to initiate protocol in order to recreate this great nation under Faith, Liberty and Freedom. It is a Concept to link the Department of Energy and the Department of Treasury switching the Federal reserve into an actual digital reserve warehouse on assets and no longer debt. It is a way to rectify all of the United States Debt and repurchase our future in another full out direction. Based on Contracts payable in gold. Here is a direct way to accomplish this task and recreate this Great Nation in Unity

http://systemandlaw.weebly.com/maritime-law-and-how-it-applies-to-you.html

"The ultimate ownership of all property is in the state; individual so-called `ownership' is only by virtue of government, i.e., law, amounting to a mere user; and use must be in accordance with law and subordinate to the necessities of the State." - Senate Document No. 43, "Contracts payable in Gold" written in 1933.

By our allowing to let these military flags fly, the American people have admitted our defeat and loss of status. Read on, you'll see what I mean. Remember the Constitution recognizes three forms of law, being governed by the Law of the Flag is Admiralty law. I will cover this in a minute, the following is a definition of the legal term Law of the Flag.
